

MEMORANDUM OF UNDERSTANDING
BETWEEN
UTRECHT UNIVERSITY, FACULTY OF SCIENCE
AND
SRIWJAYA UNIVERSITY

One of the principal duties of modern institutions of higher education is to enable students and academic staff to acquire an international experience, as this experience is valuable for their professional careers. Inspired by this common consideration, UTRECHT UNIVERSITY, Faculty of Science (UU) in the Netherlands, and SRIWIJAYA UNIVERSITY (UNSRI) in Indonesia, agree to promote and accelerate the progress of education and research in the fields related to the strength of their academic programs.

Within the limit of available funds and policy decisions of their governing bodies and executive officers, the two parties decide to enter into an agreement on a program of cooperation which includes any or all of the following:

1. An exchange of faculty, graduate students, post-doctoral researchers, and education professionals
2. The collaboration in master programs in mathematics and science education
3. The collaboration in a doctoral program in mathematics and science education (INDOME)
4. Sponsorship of international workshops, symposia, and seminars of mutual interest
5. Small joint education research projects leading to publications in international journals.

For each of the above-mentioned agreements, the dean of the faculty of education of Sriwijaya University and the director of the Freudenthal institute will sign a technical academic agreement.

This signed memorandum is valid for 5 years. The memorandum and the technical agreements can be changed if both parties desire, but the change will only take effect after six (6) months of the signed agreement of the change elapses. After four and a half years of each five-year term, the cooperation will be evaluated with the intention of extending the agreement for a further five (5) years.
